

SMILE! YOU CAN SAVE ££s ON DENTAL BILLS

— and on glasses, contact lenses and hearing aids, too

WITH money tight for many people, Healthy Discounts is offering one *Weekly News* reader and their family a chance to win a whole year of savings on optical, dental, hearing aid care and elective cosmetic surgery.

And every other reader can benefit from a fantastic discounted rate.

Basically, Healthy Discounts is a scheme where, for £5 a month for individuals, and £10 a month for families,

they show their membership card to participating practitioners and receive discounts on treatments.

So, for someone needing glasses, which can be very expensive, they can immediately save 20 per cent.

It's the same with dental work and contact lenses.

Hearing aids get a 10 per cent discount.

You really can save hundreds of pounds on dental, optical and other healthcare bills, with a Healthy Discounts Dental & Optical Plan from Munroe Sutton.

The plan puts you in touch with a reputable network of hundreds of dental and optical practitioners nationwide.

Those participating include local dentists and opticians, plus national chains such as Optical Express and more, both in the UK and USA.

Members benefit from the following discounts:

- 20 per cent off all dental work, including root canals, cleanings, exams, braces, dentures and even whitening or smile makeovers.

- 20 per cent off eye exams, prescription or designer eyewear and

contact lenses.

- Discounts on facial aesthetics such as wrinkle-relaxing injections and dermal fillers.

- 15 per cent off laser eye surgery.

- Unlimited usage, regardless of existing health issues.

- 30-day 100 per cent money back guarantee.

Our winner will receive a full year's free family membership worth £120.

All other readers can enjoy three months' free, no-obligation membership (12 months for the price of nine) at the discounted price of £45 (single member) or £90 (family).

Healthy Discounts works with cash plans to lower costs.
